

Both of us were involved in literature review.

Rishabh worked on Data preparation, CNN, BERT and RoBERTa models.

Atharva worked on LSTM, BiDirectional LSTM (basic, stacked, concatenated) models.

For writing the report, each of us wrote about the parts that we worked on.

Submissions on CodaLab were made by Rishabh (rkarwayun) and our best submission is : ***rishabh_karwayun_roberta512updateddata1r1e-5_milestone1epoch5.zip*** which achieved a score of **10542.50**.
